Defendants.

Civil Action No. 02-CV-3830 (LDD)

**PLAINTIFFS' OBJECTIONS TO  
DEFENDANTS' TRIAL EXHIBITS**

This Court's May 13, 2008 Order set a deadline of May 23, 2008 for filing pretrial motions "regarding all significant evidentiary or other issues anticipated to arise during trial (including issues pertaining to the admissibility of particular witness testimony or particular exhibits)." Fed. Civ. P. 26(a)(3)(B) requires the filing of a list of objections to use by another party of a deposition under Rule 32(a) and to the admissibility of materials listed in another party's pretrial disclosures with 14 days after those disclosures are made. Fed. Civ. P. 26(a)(3)(B). This Court's Local Rules provide that authenticity of exhibits will be deemed established unless written objection is filed at least five days before trial. Local Rule 16.1(d)(1)(a).

Defendants have listed a few thousand documents on their various exhibit lists. Plaintiffs have not been given an opportunity to review each of the Defendants' exhibits. Also, in many cases, the Defendants did not identify their exhibits by Bates-number. Consequently, Plaintiffs are not able to identify all of the documents on the Defendants' exhibit lists. Further, Plaintiffs have no way of knowing the purpose for which Defendants intend to use the various

exhibits contained on their respective lists and what evidentiary foundation the Defendants intend to offer for their exhibits. Accordingly, in order to eliminate any concerns that Plaintiffs' objections to the Defendants' exhibits may be waived, Plaintiffs are compelled to now object to certain of the Defendants' exhibits. Plaintiffs may be willing to withdraw these objections after learning the purpose that a particular document is being offered by Defendants and the evidentiary foundation for that particular document. Plaintiffs object to each of the documents listed on Defendants' respective exhibit lists on the basis that the documents are hearsay except for the following:
